

VALID, VALUABLE ... AND VIRTUAL

The 2017-2018 Edition of HAWAII BUILDING PRODUCTS DIRECTORY

The multi award-winning **Hawaii Building Products Directory** has been recognized as one of the best local directories for finding reps, distributors and manufacturers of specific building materials and construction products in the State of Hawaii.

To be organized once again in the 50-division CSI MasterFormat as well as alphabetically, the listings also will be posted on the redesigned and improved HBPD web site, www.HawaiiBuildingProductsDirectory.com.

Enclosed is an order form inviting you to list your company's products or services in the upcoming 2017/2018 edition of the **Hawaii Building Products Directory**, produced by the Honolulu chapter of the Construction Specifications Institute.

For over 30 years, the directory has been the primary resource publication used by construction specifiers and contractors to locate building product brands and their manufacturers, and their local representatives and distributors. You need to be in this directory because *it works*, especially when designers are looking for specific items under specific section numbers. Being the basis of design is a good feeling for any manufacturer and that is why the smart ones list their products with the **Hawaii Building Products Directory**.

Our web site www.hawaiibuildingproductsdirectory.com continues to grow and be a great resource. One lister was contacted do to their listing on the web site and is now the basis of design for part of the Honolulu Rail Transit Project. True story and this site helps you get your products into specifications and plans for local projects.

For as little as \$95, you will be able to reach the entire Hawaii design and construction industry, in print and online. For a complete list of all possible MasterFormat numbers and titles to list go to www.hawaiibuildingproductsdirectory.com and click on Documents - MasterFormat Numbers. If you list it, they will find you.

Listings are posted for a year at a time and will still be published in the annual directory so everyone in the construction and construction design industry can have a printed version of the Hawaii Building Products Directory.

Please enter the necessary information on the enclosed order form and fax it to 841-3053, or mail it to: CSI Honolulu chapter, c/o Trade Publishing, or e-mail the filled pdf form to lorraine@tradepublishing.com.

The deadline for listings is May 26, 2017. Please call if you have any questions.
